What's included in Pro — available today

13 features shipping now. No hidden paywalls within Pro.

AI Invoice Reader

Photograph any bill. Claude AI reads invoice no., GSTIN, HSN code, taxable value, IGST/CGST/SGST automatically.

Sales Invoice Management

Add, edit, delete, search outward invoices. Categorise as B2B, B2C Large, B2C Small, Export, or Credit Note.

Purchase Invoice Management

Inward invoices with RCM (Reverse Charge Mechanism) support. GSTIN validated on every entry before save.

GSTR-1 Computation

Auto-categorises invoices into correct GSTR-1 sections. Table 12 HSN/SAC summary — ready for portal upload.

GSTR-3B Computation

Computes net tax payable after ITC offset. Section-wise breakdown matches portal format exactly.

GSTR-9 Annual Return

One-click aggregation of all 12 monthly returns. Table 4 outward by type with month-wise filing status.

GSTR-2B Reconciliation

Compares purchase register against supplier-filed data. Flags matched, mismatched, missing + IMS actions.

ITC Ledger (12-Month)

Rolling ledger: ITC available, claimed, net cash paid, running credit balance — 12 months at a glance.

PDF Invoice Generation

Generate professional invoices instantly. Includes GSTIN, HSN codes, full tax breakdown — downloadable.

6-Month Trend Dashboard

Visual chart of tax liability, ITC claimed, and turnover. Spot seasonal patterns and cash flow trends.

Late Fee & Interest Calculator

GSTR-1 and GSTR-3B fees (Rs.50/day, capped Rs.10,000). Plus 18% p.a. interest on delayed tax payments.

CSV Export

One-click export of any invoice list as CSV. Sales or purchase data for your accountant.

Real-time GSTIN Validation

Format-checks every GSTIN on every form. Catches errors before portal rejection — 15-digit, check digit, state code.

Why not free?

Free tools cut corners. We invest in AI infrastructure, GSP API integrations, and compliance updates. Rs.999/month is less than one CA consultation.

"ClearTax charges Rs.14,999/year and doesn't read your invoices.

Tally costs Rs.18,000 upfront. BeMyCa Pro: Rs.999/month, with AI, from day one."

What's next — GSP API Integration

Pro roadmap · Direct portal filing without manual re-entry

1 Direct GSTR-1 Filing

Submit GSTR-1 directly to GST portal via GSP API — no manual copy-paste.

Status: In development · Requires GSP tie-up (IRIS Business / ClearTax)

2 Direct GSTR-3B Filing

File GSTR-3B with EVC/OTP authentication. Tax liability submitted in one flow.

Status: Planned · EVC integration after GSTR-1 filing ships

3 Auto GSTR-2B Pull

Automatically fetch GSTR-2B on the 14th each month — zero manual download.

Status: Planned · Available after GSP credentials provisioned

4 Live GSTIN Verification

Verify GSTIN against live GSTN database — catch deregistered suppliers instantly.

Status: Planned · GSP lookup API

5 Tax Payment Initiation

Generate challan and initiate NEFT/RTGS/Net Banking payment directly.

Status: Roadmap · Requires GSTN payment gateway integration
